RE: Renewed Petition under 37 CFR 1.378(c)
Patent No. 6,004,507

Dear Mr. Woods:

We had previously filed a Petition to Accept Unintentionally Delayed Payment of Maintenance Fee in an Expired Patent (37 CFR 1.378(c))

A response to our Petition was mailed from the Office of Petitions on March 8, 2013 stating "[a] properly signed petition is required." We received your response on March 12, 2013.

My assistant called and left a phone message for you on March 12, 2013, to confirm that we could submit a petition that had been signed by the inventor. In a phone message you left on March 13, 2013, you verified that a petition signed by the inventor can be addressed on its merits.

Please find enclosed a petition that is properly signed by the inventor. You will notice no fee information was included because fees were paid with the earlier petition that was dismissed.

With the petition properly executed by the inventor enclosed for your records, please proceed to accept the reinstatement of expired patent number 6,004,507.

Thank you for your assistance in this matter.

Very Truly Yours,

Emma Thompson
Corporate Counsel
